John joins Willmott

WILLMOTT Forests' Chief Executive Officer, Marcus Derham, has announced the permanent appointment of John Rutledge to the Senior Executive role of the Timber Processing Division of Willmott Forests as of February 1, 2006.

John has occupied this role on an interim basis since September 2005, and since that time has concentrated on consolidating the business and developing a platform for future growth.

John has manufacturing management experience in addition to holding senior level positions in companies both in Australia and overseas.

"I am delighted to accept this role," Mr Rutledge said. "We have a committed workforce in Bombala from which we will further develop our business."

Having occupied the role on an interim basis since September 2005, John Rutledge has been permanently appointed to the Senior Executive role of the Timber Processing Division of Willmott Forests.
